Dear CDA Endorsement Committee:

I would like to recommend Rick Rogers of CSI Colorado to be accepted as a preferred provider for the CDA and it's members. Our office worked with Mr. Rogers since November of 2004, when he installed our network and integrated new technologies within the network system. Since Eclipse closed its doors, Mr. Rogers and CSI Colorado has supported our network and technologies with superb and unsurpassed service. Mr. Rogers and CSI Colorado are always available, even after hours and have always solved problems with expediency. I highly recommend Mr. Rogers and CSI Colorado to the CDA and its members, with no reservation. If you have any questions, please call my office.

Sincerely,

  
Joseph D. Mazzola, D.D.S.
